# Who We Are?

Jatan Exports is one of the leading Active Pharmaceutical Ingredients/API exporters in India serving across the world with medicinal raw materials. Our strong network with reputed API manufacturers in India has enabled us to provide:

- Certified Pharmaceutical Raw Materials
- Competitive Value
- Fastest Delivery
- Authentic Document Support

## Our Vision & Mission

Our vision is to serve mankind as API suppliers in India with an adequate supply of medicine around the globe. The speed with accuracy and efficacy is our strength.

Our mission is to be the strongest unit in the global endeavor to produce adequate quantity and quality medicine, which can eliminate the shortage.

## What our logo stands for?

Our logo stands as a symbol of the literal meaning of Jatan; i.e. nurturing with care and embracing with love. Its artwork presents J of Jatan encircling the global network with the fastest supply of medicinal raw materials.

The encompassing circle across the alphabet J also has an underlined meaning representing the teaching of our Inspiration, Guide, and Guru, Mr. Rajiv Chopra, our honorable President. He says the success of the work is encompassed in a circle that acts as a string holding all the team members and being complete with their joint effort and efficacy.

Similarly, in the global cycle of empowering the pharmaceutical industry, we want to stand as a strong unit of the circle and serve mankind. As our first initiative toward this endeavor, we stepped in as an API trader in India connecting with the world with the fastest supply of quality medicinal raw materials.

## Our Story & Strength

The brand, Jatan Exports was initiated in March 2022 as an API exporter in India. Within a very short span of time, we have earned the trust of many of our clients.

In the first quarter of our inception, we have addressed 500+ inquiries and served valuable orders.

## Our Pillars

Mohit Chopra  
Director

Megha Lodha  
Director
